I am trying to go completely vegetarian and with all the temptations that is hard. Also, finding food that is easy for me to fix and taste great is hard. So, when I had the chance to try Tandoor Chef, I was excited.

Our local Target had a great selection and I was able to try several of their dishes. Now, while my family was not a fan, I loved them! My favorite was the Masala Burgers especially being they have just 120 calories and 8g of fat each. My husband was able to grill up the burger along with the rest of the families. They were perfect and a great alternative for me when trying to be healthier.
