

## Tandoor Timesaver

Sometimes, you just don't have what it takes (as in, time, energy, groceries, or clean dishes) to make a delicious meal from scratch. These times often fall in the midst of an especially busy workday, when you simply need enough food to keep from face-planting on your keyboard (yes, we're speaking from experience). The **Tandoor Chef** line is a perfect go-to in times like these. The Balanced Vegetarian Meals in both Kofta Curry and Vegetable Korma are expertly flavored, and hearty enough to satisfy even the most tenacious hunger pangs (and trust us, the VN staff gets pangs a-plenty!).
